

Introducing our...

**“What Recession?”
Web Site Upgrade/Maintenance Package**

Web Site not working properly?

Need someone to make updates and don't know where your developer has gone?

WE CAN HELP!

Ask about our upgrade service.

If your site is more than 2 years old, it should be upgraded to meet current Web standards!

**Make sure that your web site is an effective tool for your business—
looking good, working properly and up to date!**

DMSWebs offers flexible upgrade and maintenance packages tailored to your needs.

A great value at an affordable price!

For example: \$500 for up to 10 hours of upgrades and/or updates.

**Take advantage of this offer before the end of the year to maximize the business
expenses reportable on your 2010 tax return.***

Call (732-918-9216) or e-mail (dms@dmswebs.com) today!
We'll be happy to provide a free consultation to discuss your needs.
